COMMITTEE HEARINGS ON THE 2017 ELECTIONS**

with

**Fair Campaign Practices Committee Chair, Susan Pace Guma,
Retired Dean of Graduate Studies at Sarah Lawrence College**

In 1991 The League of Women Voters of Westchester established
The Westchester County Fair Campaign Practices Committee
as a separate and independent entity. Its purpose is to promote a climate
in which candidates conduct honest, fair and open campaigns, focusing on issues and qualifications
and refraining from dishonest and defamatory attacks and factual distortions.
The committee deliberates on complaints received from candidates claiming
unfair campaign practices from his or her opponents.
