The purpose of this event is to commemorate the 100th anniversary of the ratification of the 19th Amendment. On this day we will delve into the history of the women’s suffrage movement: who was included, who was intentionally excluded, and how those inclusions and exclusions shaped the policies of the suffrage movement.

We hope to educate the public by expanding an understanding and appreciation for the contributions African-American women and of women of color have made to women’s history and culture both locally and nationwide.
